

COLLEAGUES:

For more than 32 years, Nurse Anesthesiology Faculty Associates has been a recognized leader in offering both land- and sea-based continuing education opportunities delivering the highest Quality, Value and Service available to anesthesia providers. The long-standing mission of NAFA is to “impart knowledge to others.”

As we greet 2010, NAFA will be adopting a new look. We are proud to reveal our new logo, calendar and Web site featuring updated information on all of our offerings as well as our social network outreach forums on Facebook and LinkedIn. Our philosophy regarding continuing education offerings remains the

same. NAFA is dedicated to formalized continuing education for the anesthesia provider. When choosing between continuing education options, we hope you will consider comparing the Quality of the event, including the number and credentials of faculty and the features of our fine venues; the Value for your dollar in number of and cost per credits provided; and the responsive and timely Service our faculty and staff provide to you as a customer and to our specialty in that your support of NAFA events is used in part to fund student fellowships for the next generation of anesthesia providers.

NAFA has planned many exciting educational seminars for 2010. Following the 2nd Annual Summit at Snowshoe Mountain at the end of February and the 24th Annual Anesthesia Seminar on Hilton Head Island in June, join NAFA for a cruise on the Rhapsody of the Seas to Alaska in June. Professor Watson, my staff and I have planned three

additional educational programs for summer and fall, including an unforgettable cruise to the Eastern Caribbean on the amazing Oasis of the Seas in August. In November, travel to historic Williamsburg, Va., for our 34th Annual Anesthesia Conference at our new venue, the beautiful Williamsburg Lodge. The lodge is immediately adjacent to restored historic venues, golf courses and world-class shopping. Finally, in December travel to Walt Disney’s fabulous Yacht & Beach Club for NAFA’s 29th Annual Walt Disney World Anesthesia Meeting.

I invite you to visit our newly revised Web site at www.nafa-va.com. If you have questions or comments, please feel free to contact me directly at (804) 828-6734 or at nafa@vcu.edu. Also, follow NAFA on Facebook and LinkedIn for updates. I look forward to greeting you personally at one or more of these exciting events.

Best regards,
